➤ Design a floor plan for an apartment unit.

Your plan should include:

- 2 bedrooms
- a kitchen and dining area
- a living room
- a bathroom
- a laundry room

The living room should be the largest space.

The kitchen and dining area should be L-shaped.

One bedroom should be larger than the other.

The laundry room should be the smallest space.

➤ Describe each part of your floor plan as a fraction, a decimal, and a percent.
